  - \$(3.6) million in natural gas sales to third parties due to lower sales price as a consequence of the international LNG prices, partially offset increase in volume sales as a result of a new costumers in 2020.
- **Operating Costs and Expenses** decreased (24)% to \$193 million. The variance of \$61 million when compared to the same period of 2019 was mainly due to decreases of:
  - \$62 million in "electricity purchases and fuel cost used for generation" mainly due to a decrease in cost on LNG and energy spot price.
  - \$2 million in fuel purchased for resale mainly due to lower international prices of LNG.
  - Increases of: \$(3) million in depreciation and amortization mainly by capitalization Steam Turbine Andres in September 2019.
- Other Income (Expense) was \$(7) million, 131% lower than 2019. - Net Cash Provided by Operating Activities Increased from \$49 million to \$85 million in 2020. The variation of \$37 million was primarily driven by:
  - Higher net comprehensive income by \$8 million mostly to the drivers discussed above.
  - Negative impact by \$(12) million increase in non-cash adjustments to net comprehensive income mainly related to the variances in exchange gain.
  - Positive impact in accounts receivable by \$61 million mainly to the decrease in account receivable due to higher collection.
  - Negative impact of income tax by \$(7) million due to higher payment of income taxes in 2020.
  - Decrease of accounts payable by \$(22) million mainly due to higher LNG payment.

#### Itabo - Sale

In June 2020, the holding company of ITABO entered into an agreement to sell its 43% ownership interest in Itabo, for \$101 million with Inversiones Radiante, member of Grupo Linda, which is one of the most influential economic groups in the Dominican Republic. The sale is subject to regulatory approval and is expected to close in the fourth quarter of 2020. As of June 30, 2020, Itabo was classified as held-for-sale for AES Corporation, but did not meet the criteria to be reported as discontinued operations.

Through their different companies, Grupo Linda offers a wide range of consumer and manufacturing goods in the Dominican Republic, the Caribbean, Central America and the United States. Grupo Linda's first company was founded in 1969, and today its strategic companies located in the Dominican Republic include Envases Antillanos (metal manufacturing), Transagricola (agricultural and consumer goods), Troquedom (plastic containers and metal caps), La Fabril (vegetable oil refinery and consumer goods) and Pinturas Tucán (paint manufacturing) with more than 6,000 employees, more than 33,000 points of sales reached by their consumer goods and more than 50 industrial customers served.

Grupo Linda also holds strategic investments in leading companies in the energy, construction, health, insurance, telecommunications, and tourism sectors within the Dominican Republic and elsewhere in Latin America. In the energy sector, indirectly, through affiliates of Inversiones Radiante, Grupo Linda is already a minority shareholder, and holds a seat on the board of administrators, of the holding company for all of the AES Dominicana consolidated companies (including Itabo, AES Andres and DPP). In tourism, Grupo Linda holds an interest in a chain of hotels in Bavaro as well as in the Santiago International Airport, the third largest private airport in the Dominican Republic. In insurance, the group has an interest in Seguros Universal, the largest insurance group in the country. In construction, the group has a 49% ownership interest in the largest hardware store chain in the Dominican Republic, Ferretería Ochoa. In telecommunications, they own an interest in Multimedios del Caribe, a media group encompassing television, radio and newspapers in the Dominican Republic and the Caribbean. They also have a stake in the largest private hospital in the Dominican Republic, Hospital Metropolitano de Santiago.

Subject to the terms of the Share Purchase Agreement and related agreements, AES Dominicana will continue to operate and manage Itabo for at least a three-year period following the consummation of the Sale with an automatic renewal clause. This will ensure that the same standards, policies and level of service will be maintained at Itabo. Upon consummation of the Sale Grupo Linda will indirectly control Itabo through Inversiones Radiante, which will own 50% of Itabo's capital stock, the Dominican government will continue to own 49.97% and 0.03% will be continue to be owned by former employees of the Dominican Corporation of State Electricity Companies (Corporación Dominicana de Empresas Eléctricas Estatales).

Under the terms of the Itabo Indenture, once the Sale is consummated, the Sale will (i) constitute a Separation Date and (ii) trigger a Change of Control subject to the repurchase requirements set forth in Section 4.2 of the Itabo Indenture, Repurchases at the Option of the Holders Upon a Change of Control.

On August 13th 2020, Itabo launched a successful Consent solicitation to waive the Repurchase clause triggered by the Change of Control described above, finishing the process with 78% consent from bondholders well above the required 50.1%.
